Highlights

Unique OneBlade Technology

The Philips OneBlade is a revolutionary new electric grooming technology designed for men who wear facial styles and grow beards. OneBlade is designed to trim, edge, and shave any length of hair. The unique OneBlade shaving technology integrates a fast moving cutter (200x per second) with a dual protection system – giving you an efficient comfortable shave on longer hairs. OneBlade does not shave too close – so your skin stays comfortable.

Durable OneBlade

The blades are designed for lasting performance. For optimal performance, you will only need to replace the blade every 4 months*. Replacement is easy and hassle free.
