By registering your new Remington® product you will receive these important benefits:  
Proof of ownership • Product protection • Product registration • Special offers  
Register online at: [www.RemingtonProducts.com](http://www.RemingtonProducts.com)

## IMPORTANT SAFETY INSTRUCTIONS

When using an electrical appliance, basic precautions should always be observed, including the following. Read all instructions before using this appliance.

### WARNING

To reduce the risk of burns, fire, electric shock or injury to persons:

- Do not use this appliance with a damaged or broken cutting unit, as injury may occur.
- Close supervision is necessary when this appliance is used by, on, or near children and persons with special needs or certain disabilities.
- This trimmer is designed for household use only.
- Do not use attachments not recommended or authorized by manufacturer.
- Always store your trimmer in a moisture-free environment. Do not store trimmer in temperatures exceeding 130°F/54°C.
- Always remember to turn on the trimmer before you insert it into your nose or ear to avoid painfully snagging hairs.
- Never insert the trimmer more than 1/4" (6mm) into nose or ear. Foreign objects should not come into contact with eardrum.

### SAVE THESE INSTRUCTIONS

### Replacing the Battery

All Remington® detail trimmers run on one "AAA" ALKALINE battery.

#### Inserting the Battery

1. Make sure the trimmer is "OFF" and remove the protective cap.
2. Hold the upper part of the unit and gently slide the lower part off. (Figure A)
3. Insert one "AAA" ALKALINE battery positive end down. (Figure B)
4. Slide bottom part back onto the unit, making sure the notch slides over the ON/OFF switch. (Figure C)

Use of any batteries other than alkaline will negatively affect the unit's operating performance. Batteries should not be left in the unit if the unit is not in use for long periods. To prevent battery corrosion the unit should be kept in a dry environment. Dead batteries should be removed immediately and disposed of properly. Do not use rechargeable batteries. The lower voltage in recharged batteries impairs the performance of the cutting unit.

### How To Use

#### Before Use:

Test a small area on an arm or leg before using your trimmer completely. Discontinue use immediately if any sensitivity or allergic reaction occurs. Do not use on sensitive or irritated skin.

#### How to Use:

This trimmer comes with two trimming blades. The larger blade can be used for trimming body hair, neck and sideburns. The smaller blade is ideal for detailing nose/ear hair and eyebrow trimming.

To operate the trimmer, slide the "on" switch towards the trimming blades. When you are finished trimming, slide the "on" switch away from the blades.

## Trimming Tips

1. Place the trimmer at a slight angle to the skin, and trim in the direction of hair growth.
2. Continue trimming in the direction of growth. Be careful not to apply excess pressure to the blade. This may damage the blade, and can result in injury to the skin during trimming.
3. Pull the skin taut with one hand during the trimming process to ensure the closest possible cut.

## Cleaning/Maintenance

**Note:** This product does not contain any user-serviceable parts.

Your detail trimmer is designed to give you years of comfortable use. To ensure that you get optimal performance from it, follow these simple cleaning and lubrication tips:

### Cleaning Your Trimmer

- After each use, brush or blow accumulated hair from the cutting unit.

### Cleaning inside the handle

- For a more thorough cleaning, remove hairs from inside the handle.

1. Make sure the trimmer is OFF and push down the lock to release the trimmer head. (Figure E)

2. Remove trimmer head and clean both head and handle tip with brush.

3. Apply a drop of mineral oil or baby oil to the top of the cutting blades.

4. Replace trimmer head and snap into place by pushing the lock back up.

## Performance Guarantee

### Limited Two-Year Warranty

Spectrum Brands, Inc. warrants this product against any defects that are due to faulty material or workmanship for a two-year period from the original date of consumer purchase. If the product should become defective within the warranty period, we will replace it free of charge.
